

## The Good Neighbor Referral Program

A Touch of Perfection believes there are several ways to help a company grow strong. The most important way is to give back to the community that supports it. We do this by offering a referral fee for our customers. Jobs that you refer to A Touch of Perfection will earn you 5% of the profit of that bid. This is a great way to reduce the cost of your own painting needs over time.

Example:

A brush and roll paint job will last from 10-12 years. If you were to refer 3 full house paint jobs a year that would earn an average of \$100.00 referral fee for each. In a 10 year time period this would earn you 3,000.00 which can cover the cost of your next painting job.

Please fill out the fields below and share with anyone you know that may need interior/exterior painting done.

Thank you for your business.
